

IS³E

International Spring School on Systems Engineering

23 – 27 May 2016 | DTU, Copenhagen

"I joined IS³E to learn more about requirements engineering and systems thinking. It was a great opportunity to meet people and establish my research network. Also, I got valuable feedback on my PhD project."

Xuemeng Li, Technical University of Denmark

About

IS³E is a cooperative five day course created for PhD students who want to extend their knowledge of Systems Engineering (SE).

- ✓ present and discuss your PhD project
- ✓ get valuable feedback from lecturers and other participants
- ✓ discuss literature, definitions as well as current and future topics in SE research
- ✓ benefit from an international scientific exchange

IS³E is organised by the Technical University of Munich (Institute of Product Development), Fraunhofer Institute for Production Technology IPT – Project Group Mechatronic Systems Design, Technical University of Denmark (Engineering Systems Group) and supported by University of Twente.

IS³E 2016

- ✓ **focus**
Systems Engineering to design complex socio-technical Systems
like Production, Energy and Healthcare Systems
- ✓ **lecturers**
 - Dr. Ir. Maarten Bonnema, Associate Professor University of Twente
 - Dr.-Ing. Roman Dumitrescu, Fraunhofer Project Group Mechatronic Systems Design
 - Prof. Dr. Udo Lindemann, Technical University of Munich
 - Prof. Dr. Josef Oehmen, Technical University of Denmark

Organization

- submission and presentation of an outline of your PhD project
- participant fee: 450€ | incl. accomodation
- **11 March:** submission of contributions
- **09 April:** notification of acceptance
- **23 – 27 May:** IS³E 2016 at DTU, Copenhagen

The number of participants is limited to 20.
